Recommendation for hygienic coatings from Fakolith

FAKOLITH hygienic coatings (listed individually below) contributes the optimization of basic hygiene and food safety in the areas food, catering, professional kitchens and other food processing industries, if they are applied in accordance with rules, factual accurate and as intended.

- FAKOLITH FOODGRADE- Products:

FK 45 FOODGRADE, DISPERLITH FOODGRADE, FAKOPUR FOODGRADE,
FK 100 FOODGRADE

- FAKOLITH BIO.FILM.STOP- Products:

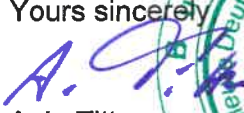

DISPERLITH ELASTIC, DISPERLITH INDUSTRY, DISPERLITH HYGIENIC

Therefore allows the Federal Association of Food Inspectors Germany e. V. (BVLK) the company Fakolith Farben GmbH to use the seal of approval for their sales and advertising documents of the products listed above with the following addition:

"Recommended by the Federal Association of Food Inspectors Germany e. V."

for the period from 01.11.2021 to 31.10.2022. This recommendation can be used throughout Europe during the above mentioned period.

Yours sincerely

Anja Tittes
(Federal Chairman)
